

Protect your home and family with Merry Maids enhanced disinfection services.

Expertise in thorough cleaning followed by enhanced disinfection services, particularly for high-touch areas, is what's needed to protect your home and family.

Not all cleaning services and products are effective at eliminating harmful viruses and bacteria. Often, products that *could* be effective are not because of inconsistent or improper use.

Call to schedule your enhanced disinfection services today.

- ✓ Wear PPE including masks, gloves and shoe protection
- ✓ Disinfect high-touch, non-porous surfaces in your home
- ✓ Use EPA-approved commercial-grade disinfectant
- ✓ Practice enhanced safety and cleaning protocols including disinfecting service equipment
- ✓ Record daily temperature using digital thermometers
